The ClearIAS Story

In a small village in India, there was a young man whose aspirations stretched well beyond the ordinary. His name was Alex Andrews George. He believed that India needs the best brains in the country in leadership positions like IAS, IPS, IFS etc for the nation to prosper into greatness!

However, he saw many deserving candidates finding it difficult to crack the UPSC Exam because of various reasons including the lack of proper guidance and unavailability of quality coaching at affordable fees.

To solve this problem, Alex Andrews George founded ClearIAS as an online learning platform in 2012. An offline wing was added later.

ClearIAS provided thousands of online study materials and guidance articles free of cost. The fees charged by ClearIAS for top-quality classes, mock exams, and personal mentorship were less than one-third of the fees charged by traditional coaching institutes.

Very soon, ClearIAS broke barriers in the UPSC exam preparation. Aspirants from across India started learning from the platform.

Now, more than 1 million aspirants learn from the ClearIAS website and apps every month. ClearIAS continue to help thousands of students become leaders including many IAS, IPS, and IFS officers.
